## FOREWORD

In compiling this Price Supplement, it is our object to embrace in one book everything that was formerly to be found in the

### MORGAN BLUE BOOK

which has been extremely popular with the trade for many years.

It also embraces everything that was formerly contained in the

### MORGAN MARKET BULLETIN

without which the trade has felt that their equipment was incomplete

Another justly popular book was the

### MORGAN RED STAR LIST

which because of its size became very well known as the "Morgan Vest Pocket Official List."

In addition to all of these lists and catalogues, which are now embraced in one issue, this Supplement contains prices on everything in the line of woodwork illustrated in the Master Book.

### BUILDING WITH ASSURANCE

You, therefore, have all of the famous and popular MORGAN Books, including "The Door Beautiful" design book, combined into one volume, to be used in conjunction with the Master Book and together they make a complete compendium of Standardized Woodwork, which will be most valuable to those who are interested in properly designed millwork, well manufactured from the best grades of lumber of their several kinds.

This Supplement is also profusely illustrated but for larger designs, showing more detail, we recommend the use of the Master Book. You will note we have arranged matters for easy reference and that the pages in the Master Book, "Building with Assurance," are indicated in the Supplement. All articles priced are in the white (that is, not filled, stained, varnished or painted).

*All Articles Priced are in the White  
(that is, Not Filled, Stained,  
Varnished or Painted)*

## THE WEDGE DOWEL

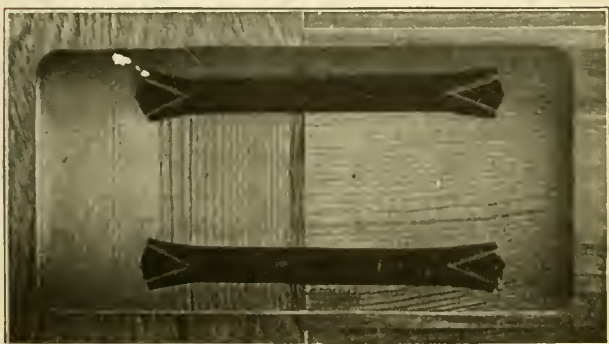

(Patented)

The Best  
Evidence of  
M O R G A N  
Leadership.

Never before  
has a dowel  
been made  
that would  
grip like this  
new wedge  
dowel used in  
M O R G A N  
DOORS.

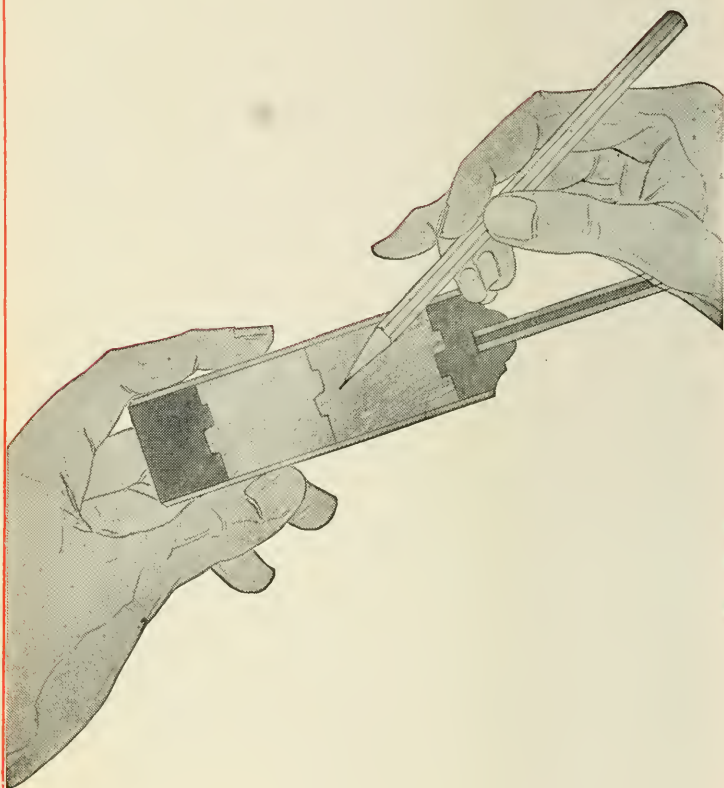

This patent  
dowel is of  
hard wood slit  
obliquely at  
each end.  
When clamped  
into place the  
wedge formed  
by the slits is  
driven into the  
dowel expand-  
ing the ends  
so they hold  
like a vise.

# MORGAN

## MORGAN ALL WHITE PINE CORE

ALL WHITE PINE CORE prevents swelling, warping, sticking and troubles that follow in the train of poorly constructed doors.

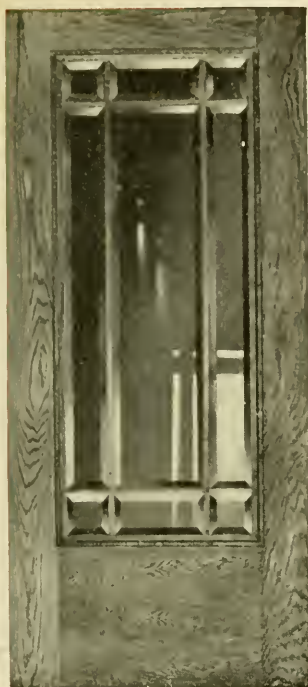

Think what protection for you—what avoidance of trouble—annoyance and expense—to use and recommend doors you know are absolutely guaranteed.
